

WHY ESS

At *ESS* we focus exclusively on goggles and eyeshields for professionals in the highest adrenaline careers: military, law enforcement, and firefighting. We do not make helmets, boots, or apparel. We do not create products for skiers or cyclists. Our dedicated management, design, and sales teams' sole purpose is to put the highest quality product on the market designed specifically around our customers needs. There are three aspects in particular that separate *ESS* products and services from anyone in the industry:

QUALITY

ESS eyewear is made in the USA, and backed by a 1 year warranty against defects and in manufacturing and workmanship. Our return rate is less than 1/20th of 1%. Strict and uncompromising quality controls coupled with competitive pricing make *ESS* an exceptional value.

INNOVATION

- Ballistic impact protection (can stop a shotgun blast from 30 feet)
- Hydrophobic *Clearzone™* anti-fog and anti-scratch lens coatings
- 100% distortion-free optical quality
- 100% protection against harmful UVA/UVB
- Extra wide field of view
- High heat and flame resistance
- Modular, replaceable parts
- A broad range of accessories

SERVICE

ESS takes pride in on our ability to respond to customer needs immediately. Our products are manufactured in the world's largest goggle factory based in the USA. Production capacity allows us to rapidly respond to large orders in a timely fashion, and our dedicated customer service staff is in place for customer needs.
